Hi there Corn here - making good progress on the Iboga Chronicles book but had to take a drive to Gold Coast to get another 20L of Curumbin Spring water structured with Grander method - beautiful water worth driving 180km odd to get a refill - and a chance to listen to WS110 as I can't remember either Carolina or Armen said it was dynamite - Sure enough it was!

I listened to WS110 first and it was just over 1 hour long - short and concentrated - as it turned out this coincided with April 21st which was the 2nd day of the Conference in Dubai - MK surprised everybody by remaining at Barletta and joined the Conference via the Teaching room at the SSI in BARLETTA. As 1 year ago MK opened the SSI in Southern Italy on Ridvan1 - Holy Day in the Baha'i calendar, indeed the very date that the Prophet of God Baha'u'llah announced his Mission to the world, so MK is forming the First Universal Council in Dubai.

Listening to the fact that MK announced he was the Messiah, it is interesting to read Baha'u'llah's Kitab-i-Iqan Book of Certitude and read about some of the other people that were in that Messianic line, or Line of Prophets of God, like Noah for Instance... p 7.

'Among the prophets was Noah. For nine hundred and fifty years He prayerfully exhorted His people and summoned them to the haven of security and peace. None, however, heeded His call. Each day they inflicted on his blessed person such pain and suffering that no one believed He could survive. How frequently they denied Him, how malevolently they hinted their suspicion against Him! Thus it hath been revealed: "And as often as a company of His people passed by Him, they derided Him. To them He said: 'though ye scoff at us now, we will scoff at you hereafter even as ye scoff at us. In the end ye shall know.'" (Qur'an 11:38) Long afterward, He several times promised victory to his companions and fixed the hour thereof. But when the hour struck, the divine promise was not fulfilled. This caused a few among the small number of His followers to turn away from Him, and to this testify the records of the best known books. These you must certainly have perused; if not, undoubtedly you will. Finally, as stated in books and traditions, there remained with Him only forty or seventy-two of His followers. At last from

the depth of HIs being He cried aloud: "Lord! Leave not upon the land a single dweller from among the unbelievers." (Qur'an 71:26)'

So in a similar way MK has been telling us about the coming Volcanic Earth Shifts and Quakes, with possible 200m tsunamis in the Pacific - He has been talking about this for years, and nay-sayers have been prolific on YouTube and Facebook and especially on Google - mocking him and saying - what about those predictions aye? Well it seems this time he has hit the nail on the head- he predicted large shifts in the period from Feb 28 to April 18 - and lo and behold! April 18 started the shaking that has lit up the whole of the Ring of Fire with 38 volcanos, and massive Earthquakes on either side of the Pacific, starting the Big shift - MK goes into detail about the way the plates are going to shift in the coming months, and then he provides a solution for everyone with the details of how to build an oasis unit for a few bucks. Just a ping pong ball spun on a laptop fan motor and filled with a composite GANS will do the trick, he says , and now is the time to build these systems for protection with the coming changes. With the right combinations the shielding will keep out water, wind, electromagnetic fields and sound (the SSI has long been protected on these latter levels he says) The fact that this knowledge has been revealed now must mean that MK's flood is nigh upon us! At least in the South West of the Pacific!

After 110 I listened to most of 108 - 108 being commonly held to be a GOD number it had to be a great workshop, and indeed it was a kind of landmark - for the first time in 108 workshops Rick has left his home and joined Ali and his group in Vancouver, and there is some more enlightenment about how one could take a few more ping pong balls and turn the Oasis unit into a ship and a home, that could fly anywhere you want and even feeds you as well into the bargain, as well as keeping everybody healthy and in a great frame of mind and emotions! In any case have a good listen to 110 attached hereon!
