Notes from KNOWLEDGE SEEKER WORKSHOP 84

Workshop 84 was on the 22nd of October, the day we flew out of Bari after sending a few days at the SSI including attending Health Workshop 44. As we flew out at 9am there was an earthquake close to Rick's location in West Canada, which prompted him in Workshop 88 to mention this, which then prompted us in turn to go back and listen to the Workshop and discover a lot more details on the Imminent Earth Shift ...

This is the first Knowledge Seeker workshop following the 3rd Ambassadors Meeting in Rome on October 16th where Mr. Keshe gave his Magrav power supply unit to any World Government that turned up. There were very few and most of them African, showing probably it will be as Mr Keshe says, Africa will lead us into the new Plasma Universe, and they now have a huge head start!

The Theme of the 3rd Ambassadors Meeting was ONE PLANET, ONE RACE, ONE NATION. Free Energy in Exchange for Peace. Together we can end war, end hunger, end suffering. Together We can Explore Space, Explore the Universal Community, Take the Next Step!

0140: Magrav Unit is on the table – demo –this is the unit that was given away to the ambassadors in Rome last Friday the 16th of October. On Monday 26th the deadline for the governments to accept the Magrav unit finishes – then the knowledge is released. 1 to 2 Million people will build their own systems – the rest of the 7 – 8 Billion will not do it. Kf logo goes to designated groups in Nations, Kf central will always keep a 51% share so we keep an eye on you that if you wear the logo you behave according to the Ethos of the Keshe foundation.

000355 Omega Quantum have opened profit making industry outside the

Kf and therefore violated the KfChina – we see this deceit from people who come to steal – we wish Sohail the best but on the other hand the KfChina is heavily on him for illegal activities. We will see a lot of deception as the technology develops world wide. It is the strength of the Kf that allows these people to be released – we pray for their souls that they evolve to a new level – and we carry on sharing unconditionally...

000633 You have to realize we're all in this together. Next week Monday to Friday we will show in detail how to make the Magrav Power System unit...

001808 Within 2-3 weeks after plugging your Magrav system you nano coat the environment around (the copper wires in the house) and you see the effect...

002225 We will cause a condition that the soldiers and terrorists will forget why they are carrying the arms (Pacification being one of the parilipomena - additional words - of the Plasma) The Whole Emotion of Mankind will change – Humanity has walked right into it. MK urges everybody to make their units and told how he heard from the Mexicans how they powered one house and then when they took the unit to the sister's house the saving was still happening in the original house... So now you see what it is!

002400 The King of Belgium's men have forced this release by their (nefarious) activities so thank you very much! (lol) From the 3rd Ambassador's meeting in Roma we established the first 20 links world wide – now it's in the open – no-one is hiding it. So please, as many as possible of you to watch and learn next week and you will understand how the tech will be dispersed – Humanity disperses it.

002700 WE have responded to Dirk Laureyssens and sent him an invoice of 30G Euro for use of the Kf page to advertise his logo. He has 30 days to pay up or it will go to the Belgium authorities and bailiff. On the other hand his 30G will be used to provide free Magrav units world wide (lol)

003300 The change is profound and the fields will bring Peace automatically and we will no longer remember why we are animals...

003600 If you have no copper you can use the long roots of plants because

this way you already have a GANS/nano layer created .You take it to the next step. You do it and let us know!

004200 Send a unit to your enemies – then when they turn it on it will change their soul. We deliver according to your needs- at the beginning you will use a lot – then you will discover that you don't need it – (then it will be time to give!)

005200 You will need plastic plates. Question: will we use CO2 GANS?
MK: You can use ANY type of GANS – you can even use your blood – but be careful!

005300 If enough of you build these units you will see the Governments crying! When we reach 500 Million units you will see change very rapidly. This Magrav unit released is just one of 6 to make a flower of life – next addition to the 6 units will be the Health unit. Starting in Italy we will support world wide...

010000 Distribution will be through Ella – she is already handling orders in the background. Kf Central will always have 51% of any manufacturing so it cannot be sold – so there is no room for deception as we saw with Omega Quantum.

011000 Details of the impact of the new technology on the oil industry and the government economies and how this will automatically make arms and weapons obsolete.

013000 Update from Rennan in the Kf Phillipines

0135: More specific details of the imminent Continental shift relating the American continents, European shifts signaling the imminent shifts on the Ring of Fire

0158 Questions about the MAgrav units

0236 Summary of what is needed to make the power supply unit

0333 MK wrap up – don't be selfish – order a Magrav unit for your enemy

first – then one for yourself.
