Transcript v1 from Amara subtitle file revision 04

(RC) Welcome everyone, to the 199th Knowledge Seekers Workshop for Thursday, November 23rd, 2017. I'm Rick Crammond your host and I find it almost hard to say, that it's 199 Workshops, that we've done at this point. And I thank Mr Keshe for his participation, and guidance, and direction through all of those workshops. I like the start of this workshop with showing some of the new products, that we have available in the Keshe Foundation, and let's have a look at that. We see... just bring it up here. There over a word should be. Yes, just make sure, that it worked properly. Okay, should those see the... this is the main website of the Keshe Foundation. And if we go to the store, which is the button in the upper right, here. And go to the KF Store, then we have new item here. There's a KFSSI cup, and this is a... .. promotional product, and when you get ... (VV) Rick are you still sharing your screen, so you not seeing it. (RC) Oh (VV) You could open it in a new window, So, you need to share the new window. (RC) You're right, I'm sorry, thank you. I guess it'll do that every time, I'll just sure my ... window, or desktop there, rather. Okay. You should able to see that now, right? (VV) It's still same screen. (RC) It's not sharing my ... (FM) No, I will don't see it yet. (RC) Now? (FM) No... (RC) Okay, I try again here. (FM) Here we are... (RC) There you are... okay ... 3rd or 4th time there's a jar in

here. Okay, now you can see, where the previous window, this one, led to, when I clicked on the KFSSI Store. It goes to this main Keshe Foundation Store, and it's got a new picture, of a cup with KFSSI Logo on it. And when we click on that, we... goes to a page, that... in the store. Where there's other products, that are available. These are supplied by a company called 'Zazzle'. And we have ... there's a T-Shirt shown here, and a truckers cap, 'truckers hat' it's called. There's KFSSI logo on a button. ... Women's cotton T-Shirt with the logo. And a coffee mug, and then, if you were to click on these figures, then that'll take you to the Zazzle Store. Where you can select a size, for example, up to adult, 4 times, extra large. And actually, you can select different styles, as well, if you like. And have the same Keshe Foundation Logo, printed on it. So I just... as well, there's ... All of the products have several pictures, several viewpoints, you can look at the products with. And, you can also share them, with your friends, or by e-mail, or by Facebook, and Twitter, and so on. And you can, if you like it, we would appreciate as well, there's a little heart down in the bottom right there, that can be clicked on. And so, if we go back, and maybe look at... I'll take the coffee cup, for example. So, there's the KFSSI Logo Coffee Mug. It doesn't come with the doughnuts. You have to ea... order them separately. And, also you can look at the collection, that this came from. Oh I see, now I guess you can't do it, that way. But, if you look at ... 'collections', there'll be a collection of mugs. And, let me see, I think we go to 'collections', for that. Okay, here is the mug collection. So there's different cups, this is an interesting one. For example. Or, this is quite elegant, I thought. The gold ... gold painted rim, on a white cup is very nice. Now, what happens is, when you order these things, ... 20% of the profits, will go directly to the Keshe Foundation. So, you'll be supporting the Keshe Foundation, by buying these products. So, that's the main idea there. Now Zazzle does give ... special sales, like right now, they have a 'zone day deal 4', they call it. That's the code, and it's 20% off, of any product, that has that labelled on it. Which is, I think, most of the products today. But, this particular deal, ends today. They have other ones, that come and go as well, quite commonly. So ... this is the Zazzle site, and It's separate from the Keshe Foundation site. But, you access it by clicking on the pictures, back in the Keshe Foundation Store. So, by accessing through

this picture, you can go to the other pictures, that will take you directly to the Zazzle site, to be able, to order T-Shirts, and you can also ... find some of the other things, from the Keshe Foundation main , ... 'Storefront', it's called. And it looks like this, and this is at www.zazzle.com/KesheFoundation All one word, "KesheFoundation." That's under 'Zazzle', if you look at 'Zazzle' and 'KesheFoundation', it should take you right to that, right to this site. And there, you'll see some of the latest products. I put the KFSSI Logo on a stamp, you can actually buy US stamp, that are legal, with the KFSSI Logo, and it says, "We replicate the same Technology as the Universe", on it. You get ... what is it ... 20 stamps, or something for 25\$, I think it is, something like that. I can look at it quickly... This is the first class letter stamp, but there's also other stamps, that are lesser... Let me see, where is it? Not sure where... Oh there's the details on it, there ... Let me see ... How many do you get here? Well, it doesn't seem to say for some reason, or I'm not seeing it, but it did say, something like 20 before. Okay, anyway, we can look at some other things. Here, there's a ... all kinds of different, apparel like jackets for example, instead of ... T-Shirts. This one has a small KFSSI Logo on the front. And then, on the back, there is a large KFSSI Logo. They have kids T-Shirts as well. And, we even have ... somewhere here? How come I can't find it? Let's have a look here. Somehow I'm not able, to come up with, we have dog shirts, and somehow it's not in my product selection, here. Maybe it still has to come through. We can have a look at, what it looks like here. What happened? They seem to have taken out the pet cloth... They've ... taken out the pet clothing for me, right. Oh I know is happening, they mentioned that they're changing the location of their main USA Factory, and some products, they'll be temporarily at a stock for a week or two, until they switch over to the main factory. So, I'm sure, that's what happened with that. Because, that was a popular one. I wish I could show the picture?. It's really cute, of a dog with a... a jacket on, that has a KFSSI Logo on it. I think Mr Keshe has seen that before. So, this is basically it... this is some of the products, available. There's cell phone cases, for example. Different cell phone cases, there's one in, even one in, with a wood cover. ... for SAMSUNG ..., for example And if there's anything ... any products, you see, that you want the KFSSI Logo on. If you could let me know? Probably through

webmaster@KesheFoundation.org would be good. And we can put the Logo on any of the products that are available. So it guess, that's about it ... Yeah, it's a great... it's a great new feature, I think people are gonna like the Keshe Foundation T-Shirts. They're really cool. Such a beautiful Logo. (VV) So, get you deal today. KFSSI Gear (RC) Yeah, it's great gifts for Christmas. Christmas is rapidly coming up here, and it's a good time to order now, takes about two weeks, up to two weeks, they say. It only takes a few days, if you're here in the US, two or three days generally, to have this item shipped to you. And some for ... these are available, virtually all around the world, and there's different Zazzle Stores. There's a UK Zazzle Store, and it will also be showing these same products and so on. But, it's up to two weeks delivery around the World, no matter where you are. So it's... it's not too bad that way. Okay, I think that's all I need to show for that, and ... (VV) We also do have the GANS humidifier in the store ... Rick. You, maybe show that one as well? (RC) Okay, sure, just a minute here. (VV) I sent you a link in our chat. (RC) I did put ..., ups ..., is not in the link. Not showing up Vince. My whole link isn't showing up, for some reason that I don't understand. Just a second here, I'll try to get at it a different way. ... didn't work either ... Okay, thank you Flint. (FM) Yeah, you're welcome. (RC) From some reason, I'm not able to access that now. So, something went haywire with my browser. Okay, let me just get that up, and for Livestream. Here we go. Now perhaps. Perhaps there's someone, that can answer a question or two ... about the GANS Humidifier. Somebody asked, what does it do? And somebody else says: "Does it come with the GANS, already in it?" Or do you have to add your own, your own GANS to it? Anyone have any answers about that? (MK) This comes from Italian Factory, and it comes with the dry GANS, you can add to it. And, it's just creating, like a Zinc Oxide or CO2. Is just creates a Peaceful environment. And ... it's ... it's like a night-light, and a humidifier. And it's, it's very nice. You can even add odour to it, if you wanted. (RC) So, it kind of balances on its bottom there, just by itself. (MK) Yes, Yes, it stands sideways, I've seen it in Italy, it's ... in the factory. (RC) Very interesting. (FM) So, you don't attempt to screw into a light bulb socket? (RC) I hope not. Maybe it would power your house, if you do? This is the ultimate light bulb, I've always thought? You... You should have a light bulb, that when

you plug it in, it powers your house. Not your house powering your light bulb. (MK) The wireless ... the wireless technology, which is coming up. Most probably will do that. There's a lot of things, getting tested and developed in the background, and of them is the wireless technology, of lighting and energy. This is all in process of being completed. And we market it very soon, where you This goes plus the ... what you call, the ... 'Off-Grid Generator', they go together. The Off-Grid Generator is mainly for ... will be released at the same time with the Space Technology, because we use it for the space lift. It's an independent energy supply (RC) That's part of the, what you call, the 'Pandora's box', that once she start to open it, then the rest of the things kind of start to come out too. (MK) The biggest problem... Yeah, the biggest problem has been the introduction of the... of the timely introduction, of the Off-Grid unit. And we are ... very soon we will decide, which way we're going to do it, and how we have to make arrangement with our Chinese colleagues. The time of launch and agreements, which we have make. And they will call the time and the place. (RC) As you mentioned in a previous workshop, that's very much dependent on the world events and so on, as well. (MK) Yes, we have announced already in the teaching, ... in the past week. If we see a position of war, as the oil to be used as a position of the war, we will release the what we call, the Power Unit, Off-Grid Power Unit, and we have taken the steps. That ... in so many ways, if ever anything happens in that front. We will respond immediately, by releasing the ... as a part of stopping the war between Iran and Saudi Arabia, and we have put location. Four or five different locations, if anything happens, the instruction is, that the Keshe Foundation trusted group, which have the blueprint, will release the technology instantaneously across the world. Which means, will demolish the literally, any, any forces, that the oil was going to be used as a source of energy wars, by those who are behind it. We have approached Vatican, in past seven days, we had meeting with them. There was a meeting in Vatican, last night, yesterday. In respect to call of the Keshe Foundation for Peace. And we have received our responses from Vatican. And two other leading Nations in the World. And according to that, as we said, we have taken the steps to ... negotiate between Iran and Saudi Arabia two sides of the Islamic world, for

Peace. And we... we met officials, and our contracts through Vatican on Saturday in Rome. And there was a meeting on Vatican as of ... last night in respect to the decision, in collaboration, cooperation with the Peace Process between the two Nations. We are bringing World leaders, religious leaders all on the table of negotiation as One Nation, One Planet, One Race. And, we will see as it develops ... as we have agreed as of today we go to be silenced that negotiation and anything, step by step, can be taken with ... what I call absolute ... precautions that we do not change anything. The next announcements, if we succeed to establish Peace between the two Nations, or two sides of the Islamic World. Will be done directly between and from the two capitals. I have spent a lot of time to see these things through, as we've seen with the Iranian and the American Peace Negotiation. The... the capital to closed here, it's 1,400 years. It took two and a half years. As I was speaking last night to one of the leading Keshe Foundation ... members of the Councils, it's embedded, it's enshrined in the culture, and we had to be very careful. You have to understand the Sunni and Shias have a embedded culture difference in respect to their belief, and what they are. And, they are very strong in their belief, and we have to respect both side. So, we will take action in a way of... as we've done before... We know how to negotiate and we know who and where to negotiate with. And, as I said, our next call in respect to the Iranian Peace ... work, will be in a silent way but surely, we'll have the Israeli government and Israeli Jewish supporting lobby. Because, we have a very strong Iranian Jewish community, will take part in these, we are calling for all the Nations. In a way, we're making one religion out of all the religions in accepting Peace and we'll see where we go. But, these are the steps we take and from now on we go absolutely silent till the negotiation, if we can come to an negotiation agreement the Peace Process is completed. ... I would like to thank for those who listen in the background, who have facilitated and are facilitating different part if negotiations in different part of the World. And, for the world leaders who have shown they would like to be part of it as a set up. Thank you very much indeed for... these, all the moves which we are taking and are supporting. It takes a lot of courage for world leaders to even contemplate to closing such a gap. Nation gaps we can close, but religious gaps, especially one religion is very hard, we've seen in

Northern Ireland where Catholics and Protestants over three hundred years were at each other's throat. We understand the way it is, it's not all political, is religious, it's understanding failure and wishes of the winning and who wants to be higher, we understand the process, we welcome the initial, the present, what I call, 'Peace Process'. Which is... hopefully conclude the Syrian war, in the coming week. We are fully aware of the negotiations, we have people who continuously debrief us, in the position of the negotiation as it looks that Russian coalition with Iran will succeed in bringing Peace and the opposition in Syria has full accept defeat in the next 7 - 10 days in the negotiation, if succeed completely. This brings hopefully, the Saudi's on the Peace talks with Iran as they meet in table, in one position, than the other. ... The politic is a very dirty game, but on the other hand, through politic we can make a lot of friends. As I've said, we will not stop we have established a link, the Vatican is fully informed there are move. The Jewish community leaders are fully aware of what the Keshe Foundation's about to do. We are using the world religions, to bring the conflict between two religions as of one, two sets of one religion together. The Unification if religions means, they all have to work together, and I thank our negotiators in Vatican. Thank you very much. You took a lot of work on and we thank you for what you have done in past weeks. And, similarly, it took lot of courage for people in Vatican to consider such a move, to become negotiator between the two Islamic sects. We'll see what will be the outcome and we shall see how it will go. In the next few weeks I'll be traveling in different directions, trying to negotiate between and at the same time, we have received 100% support from World leaders to go ahead with this and support it. I hope the Keshe Foundation Supporters, as you know, we have learned a new way to support ourselves, by supporting through the Soul of us who we are in control of, to support the Soul of the World leaders to become strong. To become strong enough to be able to change. There has been a lot of moves in directions... we don't enter politics, we are in Peace negotiation terms. Technology, Science against Peace, and I asked for the Keshe Foundation Supporters to support us through your Soul to elevate the Soul of the World leaders who are involved in these negotiations, those who are in Vatican, those who are in Jewish leadership, those who under Islamic world and in the

political world. This is ... religious as we call, is religion and politics together, mixed up and we're trying to negotiate on separate ways, the religious side and the political side. It's not easy, it's one of the most difficult negotiations I've ever been involved in, We are trying in very hard and different directions and, I hope with your support that we reach the Soul of Saudi royal family and their supporters, to join us in Peace, to be the flag-bearer of Peace. And, in so many ways, we all make mistakes, but this mistakes should be to the benefit of Mankind. There is no mistake, we've been brought up to fight each other, we have to learn that we have to co-exist with each other. As One Nation, One Planet, as we say in Farsi, "Even when you cut an apple, the two half's are never the same." Let alone two people. Let alone two religions, or one religion which has divided over time. We hope the same will go with the Iranian government that they support this Peace move as we enter negotiations. We are working very silently and as of today, decision has been made that, we will not discuss anymore. We brought it to your attention, because we need the support to change the Soul of the World leaders. This is our work, One Nation, One Planet to unite Man for Peace. I think we are going to have the Earth Council, the Constitution ... to be read and ... I think we have the Polish? Are they present? (PW) Yes, Good Morning Mr Keshe the Polish translation is ready to be presented anytime you like. (MK) Could you please honour us with please reading it? (PW) Of course, let me just share my screen. (MK) As it says, Earth Council Constitution in Chinese will be published soon, is getting completed. (PW) Okay, is it... is it visible? (MK) Yes. Please go ahead. (PW) Okay, thank you. So, this is a near final translation, we presented this on Sunday, we had two questions ... which have already been resolved. ... And there are two, or three area that need clarifying and they are highlighted in yellow, so you will see it throughout the document but we gonna do another read out in a public Polish teaching today and we will resolve these, to... to sort of... to read fluently and make sense in the Polish language as well. So, that this is near final version, just two or three, little tweaks and, it will be ready so... Well, here we go... [UC Polish Language representative presents EC Constitution] (PW) And that's about it. Thank you very much for giving me this opportunity to read it in my native language, And I want to thank all Earth

Council Members for this beautiful Constitution. Thank you very much. (MK) Thank you very much for your time in translating it and being able to share it with us, in the language of the Soul of your Nation. ... Are there any comments from anyone regarding the... Earth Council and the Constitution? (RC) We do have a... (MK) Pardon? (RC) We do have a Fred Enrique has told me that the French version is ready now too. And they're going to read it in the French teaching this evening. (MK) It will be done next week, next Thursday, if they will present it please. ... That will be very nice. ... We need a French member of the Universal Council, as the present Universal Council member has stepped down, as of last week. Anyone ... who has the support of their Souls to take position... The members of the Earth Council are solid in a way they've been selected, in a different way. The Universal Council is the choice of the Soul of the Man who can serve Humanity. And 3 or 4 members of the Universal Council, they see, and as we say, ... "In time they are short" or "in part of the Ethos of what they would like to do in different ways and they have stepped down. And ... this opens a situation now for the French speaking, anyone who sees thus, that they can be, through their Soul, the supporter of the French speaking ... you're quite welcome to ... apply for and then we'll see what it takes place in respect to, whatever happens in the background around the selection. The ... one of the most important things it has to be said, is that the Earth Council has made the decision. As we see people sending different requests or different points to be added to the ... the Constitution, then the Earth Council has decided that they ... they gather all the changes requested and what needs to be done and according to the Wishes of the Council, every December the total ... package will be considered and will be added to the following year Constitution. So, we don't need to change the Constitution, constantly and continuously. So, as you put your requests and the Wishes and if they are in line with the requests and Wishes of the members of the Earth Council, they'll be put in the file or in the Constitution in the background and it will be released every December, once a year. So, that it become applicable from the following January that we always have a solid Constitution and we know there is a update, as this is made by the people for the people, in how they want and they see it will be, what we call, "supported" in keeping One

Nation, One Planet together. Members of the Earth Council have a totally different obligations and they work different way than the Universal Council members. The members of the Earth Council are directly brought into ... understanding of the financial affairs and the... pattern that the factories, the support teams, the other things in the Foundation has run that they understand how they can use ... and utilize the things which are available to them. In the teachings of the past few weeks, as we said, we are more and more going into further understanding and they'll be more and more, what I call, 'approach', new ways that we need to add to the knowledge of Man. A lot of you were happy, as I said before many times, with GANSeS and Nano-coating and we stepped up into understanding the work of the Soul of the Man that we are responsible for its operation. it's us who is in charge and in control. And it's us that now he have to understand that we possess two lines of living, one the physical and one through the connection of our Emotions, through the physical Soul of the body of the Man, through the Soul of the Man, which is the Creator of the Man. This separation has been kept by different what I call 'Path of Belief' separate, that, it was a mystery to understand. And to understand it, to be able to create a connection with it, Man has created different path of belief. Now Man understand, he is the path of belief itself. And, he is the one who decides on the structure of the Physicality and connection with the other Souls Last week I was with Caroline somewhere, and we saw a very beautiful T shirt. It says, "I was" ... what you call it ... "Atheist till I found I Am the God." Which means, we could not even believe in God, till we found out we are the creator of the conditions and the positions of ourselves. In so many ways, we have to understand more about the other part of our Life we have, which has been closed to us. And, we in so many ways, been denied access to it by ourselves, We can't blame anybody, because then we go in the blame path, of this and that. In a way we were not mature enough, to see the path ourselves, to see that we are the Totality. But, we always ignored the other part. which is what I call, the "Lover" part of being. A Soul is a giver, to create manifestation of his Physicality through giving from itself. And, in so many ways, if Human race could have understood, the word 'Love' comes from the existence of the Soul of the Man, the Soul of the Man is a giver and in interaction with what gives to

its environment, it creates, manifest the Physicality of the Man. I do not know any better lover than the Soul of the Man, We have to learn, we have to understand the one we've been in Love with and the Lover which has led to our creation does not expect, but it gives unconditionally, and we put conditions and restrictions on it. how we would like to look, how we would like to smell, how we would like our Soul to manifest itself, what color of eye, what color of hair, what color of skin, and why do we choose these colors? Why do we choose these path of understanding, why do we put intellect value on our Souls that somebody's is so clever and somebody does not understand? Where the Soul of every Man is the same, and radiates the same? So, in understanding and evolution of the Soul of the Man we are all the same. But, this brings us to a very fundamental question, Keshe Foundation is a Space based technology, so we are teaching a new Space way. If you look at the organizations like NASA, Iranian Space Agency, or Russian Space Agency, or Chinese Space Agency, they become selective, they select very few, they train to go to Space. They spend years in training, in selecting. If you look at the selective position with any of the astronauts or Cosmonauts, they go through rigorous testing, evaluating their education, evaluating their consciousness, evaluating their, every possible thing in their physical life. And, then they start training them for 7 years, 10 years, For them to become astronauts, to go to Space and perform a given restricted act, litre... for doing something for ten minutes, they replay and replay and repeat the same thing outside, in their brain, in the water-tanks, in every shape or form that when they deliver the act it's absolutely perfect, that they don't lose their spanner into Space if they are changing outside something. If we train so much, to get one Physicality into Space, to change one panel, and it takes years of training, now you can imagine how long it will take us to train the Man to use, to understand, to train his Soul, for him to understand his Soul. The training will not come over days, we have to understand the operation of the Soul of the Man. We have to understand how our Physicality and Emotion interacts with the Source of our existence. Is the Essence, is the mother, it's the seed of the creation of us. That's what a Soul is. We have never understood. If it takes us ten years to be selective and being trained to handle one change of one panel, by one Man, how long would it

take us to be able to train ourselves how to handle our Soul? It's not a easy job, is not at all, because up to now we blamed it and we left it to the Men of religion, trying to confine, to control, to... for us to have alert points by punishment. Now there is no punishment, we have to be alert. We have to be fully alert in what we allow our Physicality show in respect to our Soul, to the essence of our Creation. What this brings us to is very fundamental, because now, a lot of things we know has to come into operation, a lot of things we thought we know, has come into operation. A lot of understanding which was there now needs connection lines, and we say, "We knew." "We know." "We have the power." "We understand it." We are used to physical transportation of our body, through cars, a donkey, a bike, now we have to learn the transportation of our body, our Physicality, through the Soul of the Man. And this is a huge change for those who are not going to training schools. When you want to drive, they send you to the driving school. When you want to become astronaut, they send you into the pools and everything else. But now, we have to train our Souls, ourselves, in how we can use our Essence of Creation, to create motion and manifestation for ourselves. Many of you will walk away from the Foundation, because you will not be able to understand the work of your Soul. Because, it needs a lot of sincerity, it needs a lot of direct openness of oneself, with itself. If I take a nail varnish, it's me who decides what color I'm going to put on this nail. It's me who decides which part of the nail, in what color I'm going to paint. Now, we have to understand, our Emotion is that brush. Our Soul is the nail, and it's us who decides how to brush it, and how beautiful this nail varnish will show, and our nail that it shows the beauty of the nail which itself shows the beauty of the finger, and then the beauty of the woman. This is what we have to understand, this is us who's responsible now to learn about the new way of transportation with the few which is already creator of us. That's what it means when we start the teaching of the Soul. This is why we brought it so close that now you have a MaGrav System which is the body of the Man full of energies that for the first time we in the state of GANS, that we can manipulate. It cannot do wrong, if we understand the Totality of the work of the Essence of the Creation of the Man. There is one point we have to understand, as you saw in the introduction video, when you

have the Nano layers, created out of the mass of the body of the Copper, each Nano is connected, all those dots you see is you, your Soul, with a Soul next to you, and connected to other Souls further up from you. When you see those Nano dot layers in the introduction video, replace those dots with the Soul of the Man. You see how you gap, you see how you interact. This is what our Soul is, is a collection of Fields, which stands on its own, it dictates its position in real... to its atmosphere, to its condition, in the environment which is, it is. Now, we have to go a step further, as I've said, we always looked as a means of transportation, into cars, to donkey, into bicycle, in the present time into jetliners, and we look at into Spaceship, but we have to learn, how we used to go to the shop and buy a pair of jeans or a jacket, to cover this body, now we understand that it's us who decides the process of new travel, in Space, in the dimensions of the Creator, and how we dress it, how we manifest it. If you go back to the teaching of last week and many other teachings we've done, and a paper which I've written, it calls, 'ALS, is a death-wish which comes true'. So, if we wish it, the Soul of the Physicality from the Soul of the Totality of the existence, we wish to die, we wish to separate, the creation of life of the Man, we have that power. It's been embedded, and it's so strong for those who find it, that they can do it. Now the process of the use of the Essence of the Creation which is Soul of the Man, for transportation, is not to terminate a life, but to reunite the Essence of the Soul of Physicality, with the Essence of the Soul of the Creation of the Physicality. Which, what we call, the Soul of the Man. In the presentation last week, when we saw the magnets, and when we put the magnet inside the bigger magnet, this was a manifestation of the physical Soul of the Man, that it could enter and be within the Soul of the Man. And then choosing the space and dimension. This does not mean death, this does not mean end of a life of a Soul, But this means the collaboration and understanding more between the Soul of the Physicality and the Soul of the Man. It's a new technique we have to learn. You all know what to do. It's just that, you could never connect it to do it. Many of you made the GANSES. Go back to the very original teachings, as I refer to. You have seen when you put GANSES together they start the creation of motion, and spacing in how they want to rotate. Now understand, the body of the Man, the physical body of

the Man, is the GANSeS, which they rotate within the center. Which is the Soul of the Man. Now you can gather, the Essence of the Physicality of the Man, which is the GANSeS rotating. And take it as a Field, within the center. Then, you can release it. Which means, when you are used to now, as we have taught. The Emotion... affects the Fields, which, they come from the Soul. That it shows itself, manifests itself as the Physicality of the presentation of the Soul of the Physicality, which is here. Crying, laughter, joy, pain. When you take the Physicality of the Man, the Soul of Physicality of Man. And you take it inside the Soul of the Man, nothing changes. The physical Soul of the Man, in interaction within the Soul of the Man. Would it still feel, all the feelings, which you carried externally? There is no need for termination, but becomes, now working within, inside each other. But, instead of Physicality out, the Soul stays as a protector of the Physicality, physical Soul of the body of the Man. Till the Soul of the Man finds the position where the physical Essence of the Soul of the Physicality, wants to find, and finds a new environment which the Soul confirms to him. "Its ... Peaceful, you can try." We are used to always having the Soul within us. And manifesting ourselves in a Essence of the Physicality. Now, to travel the depth of the Space, you need to protect the Soul of Physicality. And.... And, that is... Now, with the knowledge we have. With understanding of the correctness of the Soul. We can take the Soul of the Physicality to be within the Soul of the Man. That it's protected in the time of travel. Then, traveling the dimensions of the Universe become timeless, effortless. In the present scientific world we call it, 'Zero Time Transportation'. But the question is, how do we do this? How come when we wish to die. In an instant, we manage to give a command, to interfere with the Fields of the Soul of the Man. That it gave the instruction to the physical communication line, which we call the 'brain of the Man'. to start the process of the separation of the two. You want to divorce the two Souls. Now, we have to learn. And, we have to be educated. And we have to practice that, we do not... destroy or separate. But we rejoin, we Unify. We re-balance the Soul of the Physicality in a way, that it can enter... that it can enter, within the Soul of the Man. Which means, it becomes the center itself. It's literally like a jacket, two-sided, you reverse it inside out. But now the Soul becomes the protector of

the Physicality. Where at the present life of the Man, the Physicality of the Man is the protector of the Soul, which we put brain around it, we put a skull around it, we feed it with the Physicality of the Man to exist. If we could go in the path of intention, to end the life, through ALS, through the Wish to separate the Soul then we know a path. That we can use to enter the Soul of the Man and reside in it. Till the time comes when we want to manifest ourselves. Many of you made, many, many reactors. Dynamic, you made different cores. You always observe the Physicality where I told you, "Observe the Fields." To become the passenger of the Space, without a Spaceship. To travel with the strength of the Soul of the Man. Now you have to do the same. But, the difference this time is. That, you have to be able to transform, to have control over the, all Souls of Totality of the Physicality of the Man. That we can summon. That they go to a higher order. That now, that the Soul of the Man, becomes of the lower, that the Soul of the Physicality takes center in the center of the Soul of the Man. For many of you this is very hard to understand. But many of those of you. who are not highly educated. And you have worked through the Ethos of Yin & Yang. Balance between the Physicality and the Soul will achieve this very rapidly. Those of you who were connected to the punishment of the Physicality, will have a harsh time with this. Those of you who are of Chinese background, who believe and understand the operation of the Soul. And the Physicality in the language of Chinese, been transferred to Yin & Yang, will walk through this. Because, you only need to understand, how.... What you already knew to put into practice. This is the hardest part, because now... The Physicality, the way you interacted with the Soul through the Emotion. Now becomes the Soul, the physical part of the manifestation. In the new dimension, bandwidth of the energies of the Universe. Then, your Space travel, the color of the change of the eye, the height, the change of the hair, the change of the presentation and manifestation, becomes child's play. You need this, as when you enter into Space, unless you always want to wear a Spacesuit, and not to be free. Then you need to learn. You need to practice. As I said, "When you become astronaut, you practice for 7 years." But, you can practice for 7 days, understand the True Essence of the Creation of your physical life. And, become

the Man of Space. To travel through the strength of the Soul of the Man. Then... as we say... "The Universe is your oyster." There is no limitation in how you manifest yourself. And there is no limitation in, where to manifest yourself. Remember one point. We teach, for the spectrum of creations across the Universe. Some of the Man will achieve this. Today. In a short time to come. And some of the Men will struggle for a long time. Because they never understood the Truth about their own Creation. And at the same time, those who are in Deep Space. or those who ate of the Deep Space, who are with us. Who've been looking for understanding of knowledge. They've been enlightened to take the next step. Many, many, times in the recent past as Man's technological knowledge and expertise becomes, more and more, profound in, to be able to look at the deeper and wider spectrum of Life, we call it different ways of detection by cameras or whatever. By field detectors, we have observed Lives we change and out of nowhere it changes back. We see manifestation of Physicality observed out of nowhere. These are the Creatures who have managed to do what I have just taught. What this means, it means these Creatures of Creator have managed to understand how to enter into dimension of the Soul and use the Soul as protection and then re-manifest themselves in the dimension of Physicality of the Space of, in the dimension they want to manifest themselves. It's a flip of a finger. Much faster than a flip of a finger, but you can teach yourself. How do we do this? It comes through the purity of understanding of giving because, now you have to give so much from the Soul of Physicality that the Soul of the Man becomes the Lover of his Soul, which he created. In so many ways, the Soul of the Man is the Adam and the Soul of the Physicality of the Man, is Eve. By giving so much, the Eve becomes part of the Adam but stays, still as Eve itself, that it can give so much Love by giving, that it is taken in confirming the weakness, confirming the higher Strength of the Eve within the Adam that Adam protects. We call it in English language, "sacrifice", but there is no sacrifice. You do what you like. "I'm there to give." "I have fed you and in time you want, I protect you." In so many ways the Soul of the Man always stays the protector of the Man in Physicality within and in the dimension of the Soul, the Soul of the Physicality within itself. In so many ways we have to learn how to summon in the Soul of

the Physicality's and this needs practice. All of you can do. Every man who becomes sincere to himself and nobody else. You do not need to prove to nothing and no-one except yourself. Then, as long as you do not harm no-one by manifesting yourself in any dimension even on this Planet you can change yourself. We have done this by changing color, changing the color of our skin, changing the color of our eyes, our hair as we have moved across this Planet as I explained in the previous teaching. Now, we have to go through what you call, 'the evolution' and change the word 'evolution', to 'understanding of the condition of the position'. It's taken us a million years to evolve according to what we wanted and our Physicality through the operation of our Soul has changed it to allow us to survive. Now, if you understand we can do these evolution instantaneously, we can evolve. We have a sanctuary called, 'the Soul of the Man', that when we feel the condition is okay and it's what we want to be we can manifest ourselves. In a way our Soul continuously use us as the Lover that can Love unconditionally. Be it, manifested out in a physical Matter or being within the Soul itself. How can we expand? How can we understand and how can we go to the step, to the next step of change? Has taken Man millions of years and it takes the ??? seven to ten years, to learn to change his manner. But unfortunately the body of the Man has got billions of spanners, we have to learn how to operate. Or we understand the common denominator between all the cells of the Man that we can summon and we can arrange the way the man with the ALS arranged his separation we arrange a path to the Soul of the Man and then we evolve, then we expand. Then we understand how we can transmute. We can, in so many ways, travel the depth of the Space on this Planet and still be the same, of the same feeling and the same understanding. This is going to be very hard for many of you. We have seen a lot of people having problem with the resurrection which we talked last week because this was not in their book. This is not, what they taught it'll be, because it was the magic they are waiting for and now the magic is them. They are the Creator of magic and this is what we got to learn. But how do you do it? How do you manage to be... able... to transfer the Physicality in one part or in Totality, to bring it within the Soul of the Man and then manifest itself at a point of desire? One thing you got to remember and that is we created the

Physicality of ourselves. What are we afraid of? To do it again? But last time it was left to the affairs of environment of the Planet. This time, we do it with the full control of ourselves. This time, we decide on how, than the environment of the womb of the mother or the condition of the atmosphere or the position of the Planet to decide. This time, we are in charge. But, don't forget what I said very earlier on. "We use the Emotion to separate the Soul of the Man from the Soul of Physicality of the Man." Now, we should do the same. The desire to live, the desire to be part of the Soul has to be so strong and we learn how to do it that we can jump in and jump out. We can join in and join out. We can create and become the Creator or to be created out of the Wish of the balance between the Souls of the Physicality and the Soul of the Man. Try it. If the desire is so deep, to be with your Lover to give to the Lover that you become the Lover, than being Loved you will achieve it. This is a key to the transition. This is why from the beginning I always explained, "Giving as Loving." Not, one Loving thyself but one Loving the Lover. That Truly we give unconditionally to our Soul that allows us to have a higher Strength, that we become the center of the Soul. Is very much like Loving. You walk on the street, live a normal life. You see a man or a woman you fall in Love, and then the life of that Man or a Woman becomes the center of your life. Anything for him or her. Now... it's the same operation or accommodation of the Physicality, the Soul of the physical part of the body of the Man. To become the center of the Soul of the Man. In so many ways... we have to become very good Lovers. But, not lovers just to gain something to prove, the true lovers, that we are there to give unconditionally that the soul decides in the respect to the Emotion of the soul of Physicality, where and who to manifest itself. In so many ways, is like a taxi, and Man walking on the street. When you are in the taxi, taxi becomes the carrier of you while you where outside in respect to the taxi. You're still in and it carries your Emotion and your Wish to take you to a destination To the extension that you want. Do you ever get off a taxi when it takes you to the wrong address? Or, do you do you get off the taxi in a hurry, when you know your lover is waiting for you inside? Now you understand why I've been teaching this way. That's why there is no more punishment in the new cycle. As a Lover never harms, we become Lovers

of our Soul and with it, the soul is always balance in respect to the others. That, in that respect it does not take what is not belong to it. Then, there is no need for writing new books and new orders, because the lover always respect, the loved one. And it gives unconditionally to become part of one. And I keep on saying, "How do we do it?" It's the story of banana and peeling the banana. The more you peel, the more manifest itself of the higher strength In so many ways... In so many ways... We have to become, to know how much we Love our Soul. How much we Love our own existence. In so many ways, we have to become to understand, the power of our existence in the physical dimension Because we have always ignored it, and ignoring it, others in the name of religion have taken advantage of our ignorance. A couple of weeks ago, I saw a picture of a President and I knew is a cause of a lot of problems for a lot of Souls, and I said, "I wish your Soul elevates that the other Souls find their freedom." And strange enough, he resigned in the past 24 hours. I didn't put it as coincidental, I put it as a correct Wish to elevate his Soul. Now, we have to understand we have a lot of powers. In my capacity, I can change through my Wish, many things as we have started doing. But, in so many ways, all of you can have that wish. Now, the wish is the strength of the Soul of your Physicality. Now play the game. If you have managed to reach another Soul, to elevate it through your wish through the energy of the Soul of yourself, now start learning how to bring all these Fields together, that you can enter the realm of the Soul of the Man which is yourself then, you'll find out, we can travel the spans of Universe in no time. We always saw death and separation, as the ultimate position. But, if we start learning the amalgamation it's the new way to end destruction, to join in, to become one, is more important and more powerful that splitting not to have none, then you understand, there'll be no wars. Not even in the physical dimension of the Nations and not even within the Physicality of the Man. And I keep on saying, "How do we do it?" It's as easy as thinking about it. You summon to the strength of the Soul for the Soul of the Physicality's to find a new balance. That with it, you can be part of the internal existence of your Soul. It means, you go through your Emotion and through the Emotion, you create what we said before in many of the teachings, "Stronger Plasma gives to the weaker," that it elevates is to the

level of itself and if the Totality of what is given and internal Fields are higher, it absorbs it to itself, but as the Soul of the Man has no barriers, he'll bring to be embedded inside itself. Understand the past five sentences, you have found the path to the Truth, to the how to enter and be able, travel into the Space through the strength of your own Soul. Many, many Souls travel within the Spaceships or aircrafts or crafts as you call it, and then at given point, they decide to use their Soul, And the manifestation of the entity within them which we called the Soul of the Physicality, at that point to manifest themselves as the entity of that location and that point. So, it needs a lot of learning. It needs a lot of confidence that, "I can do it." And, any of you can achieve it! Because, in Space is not selective but is the one who knows how to do it. It's not, "This Man can do, the other cannot," we all can. But... we have to have a Trust that we are of higher elevation, higher value, high in strength, that being higher, the Soul of the Man allows the, what I call, 'Transmutation' to become inside out, to allow itself to become weaker to transmute to a lower level that allows the higher level, which is the Physicality, the Soul of the Man, to become the center. You made the Cores, you made the GANSeS, now find the connection to the path, to the Soul of your Physicality that you can transform it, to become a higher level Lover that the Soul of the Man becomes... the clothes of the Physicality, the Soul of Physicality. And you all understand. A Soul gives to bring the other Soul to the level of itself. But if the other Soul is a higher giver, now moves in the center, that it becomes to give from inside. "Transmutation of the Field", as I've said in the other teachings, "is the Key to understanding the World of Creation." Not the Transmutation of Element. And this teachings and all the teachings we done in past few weeks, is the Transmutation of the Field, where, you can then, transmute to the Field-Strength of the manifestation as you never change into the Matter-State. This goes back to the medical teaching and the health teachings, where, we always say, even in the Space teaching, "The interaction of the 3 Fields of the Plasma gives the manifestation of the Physicality of the Man." Be it, the skin has 3 layers, the stomach lining has 3 layers, the eye has 3 layers, everything because it needs 3 dynamic Fields of the Magnetic in a Plasmatic condition, you call it, to create the manifestation. One Field comes from Soul of the Man, one Field

comes from the Soul of the destination, and one Field comes from the Soul of the Physicality. Then manifests itself in the Physicality of the Man. Physicality in the Universe is nothing but, illusion of detection. Even a stone. Even a stone. Then, you have to understand and teach yourself, the way you made the MaGrav Cores, the way you made the Coils, now do we have to do a Blueprint: "How to transform yourself to become part of your Souls to be able to travel the depth of the Universe?" I wonder how many of you will turn up for the Blueprint? I promise you, very few, the rest of you will be scared. Or, you might turn up for a magic show that you'll find out, you become part of the magic yourself, because then you get a key into become yourself in the dimension of the Fields and not in dimension of the Physicality observation at a given strength. Now you understand where the teaching's going. Now you understand the True Space technology, in the True Essence of it, will come into operation. In so many ways, slowly, slowly, you are given choice; Walk it, donkey it, bicycle it, car it, jumbo jet it, astronaut it, UFO at it, or Soul it. The options are increasing... and unfortunately, for this, there are no instructors. There is nobody there to teach you how to get on the horse, and there is nobody there to teach you, where is the clutch and the brake. You have to test and this is the test of the Soul of the Man and nothing else. Nobody can tell you, "You're going too far, you can stop." My Wish is My Command. Which means my Wish is the connection between my Soul and my Physical Soul. How do you do it? Try to test... your own... transportation of the strength of the Soul of the Physicality. Do not forget, that it has to be done collectively. Do not forget, if you go back into one of the teachings, few weeks ago, few months ago, I brought this in a very subtle way, that the moment... they strap you to a cable when you go, they call it a 'Space walk'. How confident are you that you'll survive... with the new understanding, if you, yourself with the cutter you're given, you cut that cord, the connection between the Space lab or a Space system and your own Physicality, and have enough confidence that, "I will survive anywhere in the Universe before my physical Life changes to the condition of its environment," as you say, "Till it Freezes". "I transform in that time, that I live outside the suit of the Man." It's you who has to decide, "Do I have enough confidence in the operation of my Soul that I can call it "the

umbilical core of Physicality." Unfortunately, Keshe Foundation in its factories, has no machinery for this. And there is no system we can give you. It's you who has to test this. It's you who has to understand, how sincere Lover are you? It's you who has to decide, "Am I, the Lover who gives, or am I the Lover who gives to expect to receive something?" And at that point, you will not achieve it. You made a core, you test it. Now test the core of the Essence of the Creation of your Soul. Any questions? (RP) Yes Mr Keshe, it's Rui speaking, Portuguese UC member. And ... good morning ... good morning everyone. ... My question is ... "Why the need to understand that when we are, in the physical Body and if you have that understanding, when you leave the physical body, if you have this, this kind of capacity?" (MK) It's a choice which our Soul has made at the point of inception. It's the choice of our Soul, how to manifest itself, and ... or ... if it wants to go through this transition of Physicality and how we want to change it ourselves. Now we have the choice. Now we can decide, everything, if we understand the process. Years ago I was in Kinshasa and I was with... the person who was running our businesses in Kinshasa. And she said to me, "I have to go and see somebody." I said, "Okay, I wait in the car," She said, "I'm not going in, I just have a quick chat," and she knocked on the door, a few children appeared, young ones, 3-4-5 years, 2-3-4 years, and they stuck their heads out or they came through the gap, which mum opened up, to answer the door. Two, three of them were black, in skin color, and one was white skin, with blue eyes. When the lady came in the car, I said to her, "It's a white man lives here?" She said, "No, it's her child." I said, "But how come he's white?" She said, "We have many of these in Africa... when the white man came, and took a black woman as a wife, or whatever, as a slave, the children could be half-cast, but, and then they all changed by marrying again into black, as black, and somewhere down the line, suddenly, a white child gets born, totally white. And, this was very surprising for me in that time, that how is this possible? But, now I understand in a very clear way, why a child is born, "in what?", out of a black mother, and a black father. And, what is the reason of a manifestation this way? You call it. 'genetic', but what's the purpose of a Soul to do this, to itself? And it explained a lot of things, how... other Souls have decided, that there is a time or a position for a Soul, at a given

strength to appear, or be developed, that becomes what we see. So, the Soul have decided, in so many ways, the combination and the decision of the manifestation. Now, if you understand this, if a Soul, who appeared itself as a white, desires enough to be like the others, he can change into black. We see this with many blacks who have, or the white who have different color tone, white patches and black skin or vice versa. Go back into the desire and ask, "What was your desire?" Why do we have so many black, especially in Europe, with this complex of two skin-tone colors? Ask the Soul and the pain which the Soul has gone through, somebody called them, 'a nigger' or 'a black man' or whatever, that they saw themselves, because of the color of their skin, inferior. The same as the man who wished to die in ALS, the pain and desire not to go through the pain, has been so much, that the Field-Strength has started the creation of the Evolution of the color of the skin of the Man. A lot of biologists try to explain it, this is what happens, but if you understand, every cell has a Soul, then you understand the Truth for the first time. If the desire of a Man has shown that the body color can change, so the desire of Man, these Souls have understood, they step towards evolution of the working of the Soul, in the dimension of Physicality and the Soul of the Man. So it's easy, we have already known this, as I've said, many time before, "We all have been making Nano, GANses since we start discovering the fire." The fire Nano GANS Technology has been with us from the first time when the Man put the first meat on the barbecue, in the fire, in the jungle but never understood what it does. He just transformed the energy of the meat into a Nano layer, and your space, open gaps itself... through the heat, and you call it, the meat, 'tenderized'. Which means, we have started understanding conversion of energy that creates a space gap, what we call, 'Gravitational - Magnetic Field Gap Spacing'. And then, if you can add the whole lot, and you can control it through the Emotion, then you can convert. As you know, many times, I have said about, and we have the videos of this girl, who wanted to be a harpist and in one generation, she has changed the whole feature of herself, through the desire. Now we have to learn, we become master in it, how to do it instantaneously. I tell you one thing, this is why we said, "There shall be no punishment," because, once the Man learns this, I found, I wonder who's

fingerprint are we going to find, that we can convict somebody by fingerprint? That is why you teach the Soul, through the new understanding, that there is no punishment. By elevation, we don't need to worry if it's the real fingerprint, as the guy has learned how to work between the Soul of the Physicality, and the Soul of the Man and has changed his manifestation in his fingerprint. This is how fundamental this technology and understanding of the new knowledge will be, And this is why, we said, "There shall be no punishment." Has to be the elevation of the Soul. You understand more and more, the whole process of the structure of the... Universal Council and Earth Council Constitute and Ethos. If you go to that step. How do we say, "Excuse me, do you have a passport for your Soul that it can come to United State?" "Or it can come to China?" Or, as One Nation, we don't need a passport. And this is the solution we put forward, as you look at, One Nation, One Planet, what we are teaching, has no borders, it's already become, One Nation, One Planet. In so many ways, it's just One Planet. What is a nation? Is a Oneness of Mankind. But now, Man is so kind himself, that he allows the transformation of one Soul to Physicality, and from Physicality, back to the Soul. Try to understand exactly what is to come, and try to understand it's you, who come to it. From now on, the confidence you gain in making GANsEs, in making Nano-Materials, in making cores, those who went through that process, will come to the point of conversion much faster than those who has sat around, and could not do it because, they have learned, this and that, changes this or that. We expect things to change, through others for us, but, we haven't gained confidence that it's us who's going to change the things for us, that make Life better for the others. And this is the problem, for many, many of you. This transition time, this, what I thought today, is the beginning of the change. Now start working on how you can transform your Physicality through the Soul of your physical existence to become the center lover of your Soul, and then try to manifest yourself. I give you a challenge, I wonder how soon the White house, the Buckingham Palace, the Court of French President, the office of the World Presidents will announce there are intruders, they have found people within their premises? You wish to manifest yourself in front of the President to show your power, you become God and tell him, "Sign the Peace Treaty." This is

what your capability has to be, this is what these teachings are heading for. Or, shall we see the President who listens and understands will manifest itself in the Soul of himself and announces that it'll be a Peaceful World. Any other question? (AB) Good morning Mr Keshe. (MK) Good morning Azar. (AB) ... are you well Mr Keshe? (MK) I'm always well. (AB) Okay good, good to hear that, that was amazing ... may I, my mouth was getting watery as you were speaking, so ... I have a.. (MK) What, you are changing to transfer yourself on to understand the work of your Soul, or the Soul of your Physicality? (AB) Yeah it's... (MK) It's no use having your mouth watering if you don't taste it, huh? (AB) Yes I know. I have a, I have a question ... I understood that I didn't understand last time when I ask you a question, I have a couple of question but one thing is, when you talk about the Dinosaurs ... that when they got ... ex ... they got extinction, ... my question is, If the Dinosaur understood at that point and they released ... certain Field from their Soul, they could have kept the balance and stayed? Yes? (MK) Yes, but they wouldn't be that size. Because the environment of the atmosphere position in the Solar-System does not allow these kind of size animals, if we were still in the same position in our Solar-System, as when the Dinosaurs were here, we still could have created Dinosaurs in the same size and height. (AB) Okay, so now when we talk about the, when I, when we think it is.. (MK) Let me, let me just to explain to you one thing, sorry Azarjan. If you look... at the size of the gaseous Planets, and the size of their atmosphere, and if you look, at the size of Planets like Earth and Venus, you understand, as you're closer, you become closer to the center, as you get pulled into the center, which is the Soul, the Sun, the size of the atmosphere changes. These giant Planets we see, is, they don't have such a big core inside, It's the size of their atmosphere which gives them this size. So, in Jupiter or in Saturn, if you create the condition of Life you'll find animals much bigger than the Dinosaurs. And the same when you go to Venus, there is still life in Venus, but it's underground, out in the surface and over it, because of the non Physicality of Life, which Man has not even understood. So, they become smaller to be able to survive the pressure, the change of the physical environmental pressures. So, you still can have Dinosaurs on this Planet, if you push the Earth back a few million kilometers, towards, where it came from.

(AB) Okay, so I understood this thank you. ... and the next question is when, ... if I look at the sperm, ... the sperm has its own Field ... (MK) What do you mean by spell? (AB) Sperm, sperm and egg, when.. (MK) Ah, sperm yeah. (AB) So a sperm from the father has its own Field ... Magnetic Field, so the egg has its own from the mother. So, when they come together, they make the zygote, which has its own Field, in the womb of mother, mother has a relationship with the Field of the Earth, and then we have the, now we have the Soul of the Physicality of the Zygote, in respect to the... Gravitational-Magnetic Field of the Earth that is related to the mother womb. And then we have this Soul that comes in, so when that Soul comes into place, it comes to the child. (MK) Yes. (AB) At what age it come, at what days it comes to the child? (MK) It doesn't have day and time, till establishes itself. It depends on number of the materials, you put in and how strong that material keeps the center. I think Azarjan, you as a doctor, you start working and many of the doctors starts working with these dynamic cores. Try to understand how, and try to look how the center of these cores look when you fill them up with GANsEs. Then, you understand the work of the Soul, much, much, easier. (AB) You know the Buddhist, the Buddhist say at 40 days ... the Soul comes in. So, do the strength of, now I want to understand the strength of the ... of ... the Physicality has to do with the strength of the Soul, that is ... strength of the Soul comes from the Creator itself. (MK) No. The strength of the Soul of the Man comes from the interaction of the total Souls or what I call, "Field-Strength of the Entities" within the sperm and egg, because you carry many, many Protons which they still have a cycle of life of their own. And, it's not just one, it's millions of them. (AB) Okay, so this is, this is what ... got my attention, you know when I was, when I was ... six months pregnant, when I was in prison, every time they took me to take a shower, which was once a week, ... when, always water was cold, so my daughter always like ... I didn't know the gender then but I would, every time I, when I, the water did, she would move, goes on one side completely, I mean as I was holding, I mean and then, it would stay on that side until I would come out. And then I was, I was trying to understand, is she feeling the cold? Is the Soul is feeling it, or just the Physicality of the... Soul of the Physicality was just there? How much was the, how much did she have a understanding of...

the coldness of the water? (MK) It depends, is it the coldness of the water, or is it the noise, which it goes to one side hiding? You relate it to the water, but is it your Emotion that, "Can I protect this child being on my own in prison? When I have nothing," because we see clothes as a protection, "and now, I'll have to put it somewhere," Or, is it your Soul, it says to it to, "stand somewhere, go somewhere safe. because here, I don't know what's gonna happen?" It's the combination of it. Oh we, we... we have to understand our Souls exist, and especially the mothers, the Soul of the child exist and interacts with the Soul of the mother, in so many ways. And it's us who has to do it. I remember when ... my children were getting to born and they were in the womb of the mother, I used to talk with them, I used to put my head and tell them jokes and sometimes you used to get a kick and says, "Oh you didn't like the joke." Or I used to touch them and you feel their foot and you tickle them and they move it. And, in the process I used to pray for them. Because, that the Soul become a beautiful Soul that it serves. Not that they become healthy, because Physicality is irrelevant. And, in so many ways ... I used to go what you call. 'crazy', with birth of my children, it was a such a beautiful time, to feel them, to know they are with you, they've going to be with you. I never imagined they've gonna become a footballer or this and that. I always imagine how Peaceful they've become inside. And, when I look all my children are Peaceful inside. But the events of outside allows them to react to manifest themselves in different way. They don't carry ... what we see many, many, people. Many, many, behaviours. But, they have their own behaviours. But you see, we give from our Soul, I pray for my children, every day, every night. Every day I remember them, I give them from my Soul, that they stay correct in the path, through their Soul. And not for what I think is correct or what is correct for their Soul and their Physicality. We are, we give an input to it because we have a connection to it. So, I've heard many mothers talk, "Oh, my child wants me to eat this, or my child wants me to eat that, or I do this, or do that." But in fact, it's the connection between the Soul of the child and Soul of the mother, and in so many ways the Soul of the father that creates that condition. (AB) Mr Keshe.. (MK) Test yourself. Let me ask you, you're a, you're a medical woman. Ask yourself, "why do some children look like their father,

one look like their mother, or look like their uncle, or look like their aunties?" Why do they manifest themselves in the image of that person? Is that the father or the mother has given so much pure Love that is elevated to the same, so they look like the father, or the mother? Then you find the answer of the conversion of Physicality into the Soul of the Man. (AB) Thank you, Mr Keshe. ... you know the... another thing is I met a guy He was a astrologer. So when you took it, when you look at the creation of the Soul all the other Planets exist, and I was trying to understand what does it mean to him when he look at somebody's date of birth and says, your Pluto is here... (MK) Can I, can I tell you something? I don't believe in astrologist's. So don't bring it up. (AB) So, so what are these people because they're talking about the Field too? Because there is a Field in the ... (MK) Yes, but they, most of the astrologist, ... I'm sorry to say ... many of them understand but they abuse their understanding. And the path they give you then it changes your Life, because he said so. But we don't look that destiny is set by your own Soul in respect to what it wants to do, where it wants to go. If you look at it ... I, I've said this many time, look at the Chinese calendar, every so many years you go back to the same animal. Why don't the people who are born in the dog year all don't look like a dog? Or, look like a horse or whatever? And, all billions of people born in that time of Space suddenly the next, they change they become another animal? Or, is this what we have accepted? Okay, we put Totality we accept once somebody's said and that's it? I don't believe in astrology. Because, in a way their Fields affect our Emotion. Their Field affects our manifestation and presence. But, look at it totally different way than the astrologist's try to tell you. These card, tarot card readers and this astrologist, ... at this moment of time, very few of them understand the work and why they are there. The rest is just money making. What they tell you, what you like to hear. Any other question? (AB) Mr Keshe ... (MK) Sorry Azar. Can we allow other people to ask questions that we can ...? (AB) Sure, Mr Keshe. (RC) Yes Mr Keshe, There's some questions from Livestream here. We have Freid that's on Livestream. He's come onto the Zoom and I've made him a panelist. So, maybe he can ask his question? Which I think, Freid are you there? (FN) Yes, I am here. Eh, my question is a ... (MK) Can you please tell us where you are from, please? (FN) I am from the Netherlands. And

I'm very, very long time I follow your teachings. And we have met in 2012 twice. So, since then I really expanding constantly. It's very special. Eh .. What, what my question is - You have earlier spoken about illness. Is illness an alert of our Soul to reunite with all? Otherwise, we choose our deteriorate and separate slowly so that means dead. And then, we need to find a new expression instead of expanding and including So, expanding is the answer for any illness. I might understand then? (MK) Maybe, it's one way to explain it? ... Maybe we put illnesses as a way of getting attention to ourselves and internally to our Souls. Many people get an illness and then suddenly it's not there. Because, something happened in the level of the energy level what we call from the conversion of the Physicality to the... or from the Soul to a GANS of the Physicality. You have to look at what you call, 'illness', how you define illness, and how this illness connects to our Emotion? This is... this is a very, a very interesting way that once we find a path to the reasons for what we call an illness, the illness doesn't exist, it disappears. (FN) So, that would help a lot of people for, for their challenges ... what is going on in their life? (MK) 99%. We have to understand what's the reason. We allow others to intrude into our space, our life, in our Field. And then in response to it we try to respond in a way which is not appropriate for the Soul of the Physicality, and then it refuses. And you call it an illness. Be it food, be it infection, anything. How come you and I go in the same room with the same infected person, I walk out with the flu and you don't? Why was I receptive to it? (FN) That gives a lot of power to ourselves (MK) [inaudible] (FN) to... to us. (MK) Of course. If you go back to the teaching of many years, I always said, "When we go to space we don't carry no medicine and no food." And everybody thought that we're going to carry a system that makes medicine for us. In so many ways, I keep on saying, "In space we have viruses but we don't have germs." But, now that the Man understands the power of his Soul, and the power of his Physicality, the Soul of his Physicality. Do you think you'd need any GANSes? Or do you need, do you need any medicine? As you understand the balance between the two Fields. So, it is not that we are not taking, and we make medicine. Or something to help in Space. But in fact it's the Man become aware of his own strength of the operation of his Soul and Physicality, the Soul of his physical

part. And one will compensate for the other one to elevate. That it passes the Field-Strength which that time can cause, the, what you call it, a 'mutation' or something new in. We have now, as I said, "We open the doors into totally new understanding. We are responsible for everything of our creation." Color of eye, the color of hair. The behaviour... Acceptance of... And these things, a lot of people don't like. If you've written in your passport, blue eyes and you appear in customs, you have dark green eyes. What do you think the guy might say? "Can you take the lenses off," he says, "No" but he says, "It's blue here" or "Green here". It's gonna be a very messy job for custom officers in the coming time. For those who understand the power of the... strength of their physical Soul, and their ... Life Soul. That's why we said, "There is no need for no borders." Because, now we manifest ourselves in the Soul of ourselves. In what we decide, and many, many, times, I ... I explain this and a lot of people do not ... follow the line of ... what I call, knowledge. The best Man who understood, how to transform his Physicality into his Soul, and then manifest himself totally in different shape and manifestation of Physicality was Christ, bless his name. But you call it, 'a resurrection'. So, everyone of us. And don't forget, go back to the writing of Bahá'u'lláh bless his name, he says. "The knowledge of the Man when achieves the understanding of mutation of element, more or less... will be equal to the Prophet of the past." So, if Christ, bless his name understood and he could do the conversion. To bring his physical Soul to his Soul of his existence. And then, manifest itself in a different dimension, when it goes through the Soul and it comes up different. Then you understand if its equal, it means we all have the capability of it. There is a very understanding point. There is something very interesting for those who... will understand one day, what I was... I explained about this point. If you go through the life of Mary, after 'resurrection of the Christ', as you call it, when the Christ understood the transformation of mutation of the Fields into the Matter-State. And back to what he wanted. It took him a long time to convince her, who he is. It took him a long time because he was totally a different shape, and different Man. Many, many secrets they had between the two, he could explain. That allowed them to rejoin... as husband and wife... many, many. One day, those who come from that blood, will be in present,

will explain. It's very hard to tell your child or your lover, "This is me." And then says, "I know you like this, I know you like that. Do you remember we did.." How do you know if you're not there? It was a very harsh time for the two. And this, this will repeat many, many times for a lot of us. (RC) ... Mr Keshe, Rui has a question, if you can take it. (FS) Thank you very much. (MK) Thank you very much. (FS) And, and by the way, next time is the 200th workshop. ... Could that be ... an oversight of all the 199 workshops before? That would be very helpful. (MK) We decide what the Souls decide. (FS) Okay. (MK) Thank you very much. (FS) Thank you very much. (MK) Thank you. (RC) We're working on it, the little elves are working on it in the background. (MK) You have to realize the 200th workshop is already passed, because... Rick and I did about 4 or 5 before we start numbering them. (RC) Actually, we had 10 that were called the.... ... What was it ... the private ... sorry, the Public Teaching Workshops. There were 10 of those initially and ... (MK) And the 11th became changed. (RC) And then you had many special appearances in the Plasma Reactor Group before that as well. Which I didn't... I've been reviewing some of those and its quite inter. (MK)Our friend who said about Netherlands. I used to give lectures, sometimes 1 or 2 a week in Holland. ... Sometimes 3 or 4 of them a month. On a regular basis. We have many, many, beautiful knowledge seekers in Holland. Many, I used to teach... I used to give lectures in a hall, in... in Holland with the help of my ex-secretary. ... Where they used to provide a hall for us to teach. Many people used to come into the presentations. (FS) I was at two of them. That was very special. (GM) Good afternoon Mr Keshe. I have a question, this is Gatua. (MK) Yes Mr Gatua. (GM) ... Thank you very much first ... for your unsurpassed sharing of knowledge, unconditionally and to all of us. Now, I have a question about the use of our Soul. ... what you have just explained, that we can travel through our Souls, by making ... our Soul of Physicality so loving that it enters our Soul of Totality. Now, I'm wondering whether, when we do that. We go with our clothes? And whether there is enough room for luggage? Thank you very much. (MK) What would you like to carry? A leather suit? A leather jacket? The thing is ... I'm gonna answer you in a very, very, different way. Amongst us on this planet there are many of those who have been through this transmutation. And

you'll find out. They don't come with any suitcase and they do not come with any clothing. But, on the desire to look as a human, as us, they create, according to their desire, what it needs to be. Sometime they reside and sometime, in residing, they abuse... the position... in the knowledge they carried. And we've seen two of those, as two big families around. which originally were not from here, but they've used their knowledge and the weakness of the Man. And they're still creating mayhem. They still try to play games, and their time is over. You don't need to carry any suitcase. It means you haven't understood ... fully, the knowledge. When you manifest yourself on Earth, you don't appear naked. You come with the totality of the dress. Where you are born because that's the wish to be. The Souls observe everything. (CdR) I got a question Mr Keshe, it's Caroline. (MK) Yes, Mrs Keshe. (CdR) Can you explain, or go into more depth, I got, we got these questions bombarded. Why would a Soul behave different here on Earth than in the Universe? (CdR) If it's once understood how to conduct here on this Planet... (MK) That is your assumption, excuse me. (CdR) Then should the conduct not be the same in the Universe? (MK) Yes, but the Soul of the Man is pure. Does not matter where you take it. Is the Physicality which enters into these games. The Soul of Physicality has to satisfy the Soul of the Planet, and the Soul of other Physicality's. Where the Soul of the Man, does not need to satisfy none, nothing. So the Soul of the Man on this Earth, and the Soul of the Man in the Universe, is exactly the same. You are conditioned, in the Universe you don't eat others, you don't kill others. On this Planet, because of the Field-Strength of the Soul of the Man, and the Field-Strength of the Soul of the Planet, package eating, what we call 'killing', has become part of it, and now we're changing it. So, Man does not commit no crime, Man does not do adultery, Man does not go around, and hide and cheat. I was listening to one of the psychological teachings, in the past few days and it was very interesting to listen. That the wife, the husband found out, about the wife's relationship with another man, on the Soul, on, on, not the physical level. And, he was asking the psychologist, "What can I do?" And the psychologist's answer was very simple, "You'll find yourself, you don't need to do anything." And, this is what we do not understand. The Soul of the Man is pure and clean, the Soul of

entity, any entity in the Universe, is so clean and pure, that is interaction with the Soul of the environment, which decides the behaviour, but the Soul knows. You'll find out that those who come from the, amongst us from other part of the Universe, they never commit any crime. Because, it's not in their nature. And the manifestation of Physicality of this Planet, does not affect them, because they are here, according to the conversion of the Fields, but not the conversion of their Soul. Because if they do, and you put them in prison, and they know how to convert, there will be no one in the prison. How many prisoners are missing? By nature, they do not commit anything wrong, because they always leave a balance Fields, that it brings the Totality in order. So, our Souls are pure. (CdR) But still that is where the huge confusion sits. For who and what are you then writing the chart? (MK) We write for the eye of the Man. To touch through it, to understand the Soul of the Man. (CdR) So you write the chart for the physical man. (MK) Yes. To connection through his Soul. (CdR) But it's the Soul of the Physicality writing the chart, or so, it's still is on Soul level. (MK) Yes, but is writing it to find its way, to the Soul of the Man. The physical life of the Man, we have protected through the Earth Council. The path to the order of the Soul of the Man, goes in the hand of Universal Council, that's why many of them will resign, many of them will step down, because they see through their Soul, that they have come and they could not understand, or they could not serve the Soul, in appropriate way. And those who come with the tinted of the Physicality, they already walk away. We've seen two of them up to now. It's not so much we don't trust our Soul. It's so much, we received so much wrong teachings, over thousands of years, that we do not know our Souls, and now we start getting to know. And, it's a friend which is so deep within us, that it frighten us in the dimension of Physicality. Where we shouldn't be afraid, we have to rejoice finding our creator. (CdR) But isn't it through our innocence, that this manipulation, has been able to be taken place for a such long, long, long time? And isn't it to start asking the questions, to stand still, what is real and what is not real? And where can we touch so many more, to start asking, asking the questions, what they're getting chewed at every day, what they're getting showed at, even taught through the schools, how to place it in a correct order of understanding what is reality and what is

not, and what, where they're getting walked into, and they don't understand that they have the power to step out of it. Or, to define the difference between what is been created to believe, for them to follow, and what is the reality, and that they can function between the two. They can function in their materialistic world, and they can function, and learn, and develop the path to their Soul, where can we start supporting for people to open those doors, of where to look for and where to distinguish, where they're walking into a framework, which has been placed for them to be fooled, than the reality and work within the two, without being attempted to go into any crime, to make sure they can function in both of them. Because, if we are working... if we are working, by creating on the chart for the Soul of the Man, it is still on Soul level, for the physical, for the Physicality to understand to go to the path, and open the door to their original, which is the pure Soul. (MK) Let me explain something you understand. First of all, is you who allows others to fool you and put you in the frame. Nobody else. Is their need, not... (CdR) Mehran, Mr Keshe, Mr Keshe. (MK) Let me.. let me explain, (CdR) No, no... (MK) No, no, no... (CK) Just one, one thing. (MK) Yeah. (CK) How can you, how can you, say this, when the children are already getting fooled, from within the education framework? (MK) Yes, but stop. Something, there are two, three different points here, not one. First of all, we set up the Universal Council. Or put it the other way, we set up the Earth Council, the Universal Council and the Core Team. The core are the Soul of the Creator. The fourteen members of the Core Council. In time will be revealed. In time people will understand. Their Soul are sacrosanct. They are the dimension into opening of the Universe, in the Universal community. The Earth Council is the connection, between the Soul of the Physicality, trying to understand their position. In so many way, the position of what you used to call, 'the prophet' of the past. The Earth Council is responsible for the Physicality of the Man, to create a condition that the Man has find a Peaceful Soul, to be able to coexist in both dimensions, of the physical Soul, or the Soul of the Man. It comes down to the Earth Council members to create a condition, that no such a condition from now on exist. What is the, what is the problem we have, in education society today? We get bunch of people who've been abused, choose the path of education, to abuse

the others. You look at the psychology of many teachers in the schools. They come, they become teachers to do what they've done to them, to take revenge or to confirm they have their strength. The people who are the educators have entered the education system totally the wrong way to start with. We have many, many teachers with the wrong Ethos to teach. And then, we have another problem in our teaching society which is with One Nation goes, is the teaching of the history. That One Nation, why do we need history lessons? To show who is better than the other and how we did and we are and we're always the better? The history lessons has to be taken out of the education altogether. The way it's taught today. The history has to show how Man evolved. How things happened, not how Man killed and who was better. And every Nation shows that history, "We are the best." And then, we go to the position of those who set up the education system. Because, they themselves have a very direct connection to those who set up the abuse to start with. And then, if you look at the total structure of the... any constitution in the World, anything you pass, in any parliament, has to be ratified by the religious member of the... whatever could be called... 'Parliament'. Otherwise it doesn't become law. So, we have accepted the abuse, from the beginning in the operation, because they sat there to abuse the Soul, to begin with. You look at any constitution, British, French, whatever. At the end, there is a member of the religion present in the parliament that has towards and accept, that it fits the structure of abuse, they set up. That's why we're done with the religions. Because they're, we are institutionalized to be abused from the beginning to the benefit of those who want to abuse us to make us murderers, to become "us" to victors. Look at the speech of the World presidents, in the past few weeks. "We spend 700 Billion to make a defence to kill more." Because, it makes a lot of money for those who sit in the religious offices. Wars are the most beneficial way, as I've said in many teachings, for the clergy man. They ratified, most of the wars are ratified by the religious people. Or, incited by them, to show that they have a power, they can abuse and torture or whatever So, this is what we have to say in the past. Whatever we done in the past is over, we have to start everything fresh. And we are doing it gradually. As I've said, you will see the changes in next couple of years, the

way the Foundation will bring out. We don't fight, we just carry on with our way, but in that process we bring so many people to understand, that there is no abuse and there is no control. And nobody needs to do wrong because... is not matter of cleaning the floor, that the child might not pick up a pin or might not fall off the chair, or might not go down the stairs. Is elevating the Soul of a child, that Physicality to touch, is become irrelevant. That the pin is not there. If it's there, is nothing to do with me. We have to start the education of the Soul of the Man, in the womb of the mother. With Love and care and giving. Not when he comes out, then we start educating him. It's in Torah, go and read it. How they frighten the Man, from the establishment, from the beginning. The creation of the devil and the wrong doing. Because that way, you create the weakness in the Man. Then look at the teaching which is going on now. Nobody to be punished because we are all strong enough, not to do mistakes. To become the judge of our own doing. We don't need no one to tell us what is right and what is wrong. And, what we have to do, if we do something wrong. Why do we have to amputate the finger or arm of the Man who steals in one part of the world? How come, when adultery, we put the money in the box and it's forgiven? And how come we go to another Nation and dimension and murder or stealing or adultery, it could be anything, "As long as nobody knows, I cover up." The damage of stealing, adultery or killing, it's all the same. You take from somebody. If we teach a Man not to take what it doesn't belong it to it that it finds its balance, we don't need any of these things. Is the weakness, who people allowed the others to dictate and abuse. And they allow people to walk into abusive position themselves. Raping a woman, while under unconsciousness or hypnotism or willingly but we keep it quiet, is a crime and be punishable. For both side. Stealing from a Man, putting a hand in the pocket or robbing a house to create a harm and pain to the Man who lost it, is punishable. Look at what happened to the people who steal. And it's the same with the religious people. Look what happens and how the... now that the new teaching has started, the priests will walk out, what I call 'priest', of any religion. And they confess to their own doing, as we see, it's started. And it'll go more and more because now, we elevate their Souls, we don't punish them. Every day, we see new revelations. There is a huge move, as we've seen in ...

even European countries, people moving away from religion because nothing comes out of religion except abuse... of children, of people and the rest. Man's religion has to be conduct of his Soul and nothing else. Any other question? (GM) This is Gatua again. (MK) Yes Mr Gatua. (GM) Thank you very much for answering my question but ... I did not hear the very last point you made about how you don't carry clothes but yet you do not ... manifest naked. (MK) ... Try it and try to go to the tribe you are, you'll be of the same as the tribe you appear in. Because, the Soul will not allow you to be lower or higher, you'll be equal. This is something Man will learn very, very quickly. You don't take the position of just the Soul of the Planet, you take the Soul of those who live within the Planet and within when you manifest yourself. (GM) Thank you very much Mr Keshe. (MK) You're welcome. (BB) Mr Keshe, this is Boniface ... Good morning. (MK) Good morning. (BB) I have a question about ... the Constitution, I just wanna confirm what you said, said earlier, that ... those of us who have submitted ... questions or comments those will be evaluated ... come December and ... the ideas that ... the ... Council decide to incorporate will be incorporated then. And it will be released in January, did I, did I get that right? (MK) Yes. (BB) Okay. (MK) Otherwise forever there'll be... I know you have submitted and I know it was looked at ... we looked at it some short way. But everything goes in to be done and it'll be decided by the Earth Council that any changes will be done once a year. (BB) Okay... Thank you very much. (MK) Thank you. (RP) ... Mr Keshe it's Rui speaking just one little question, and I want to thank the answer before, as well. Can I go on? (MK) Yes please. (RP) Yeah ... I wonder if you can explain when you talk about the Soul of the Man and the Soul of the physical Man, if the Soul of Man it's a collective Soul or it's your higher being but it's collective by our terms? (MK) It's a collective Soul. (RP) Thank you, very much. (MK) You're welcome. (RP) ...There is someone who asking here, by mistake I say, "I will answer online." "If Emotion is connecting between Physicality and Soul, so where is the place of thought and with what it is connected?" It's not my question, I'm reading some... one. (MK) Yeah. When you separate the Soul of Physicality, the Soul of Physicality stays within the Physicality of the Planet. In any space. Then, the Soul which is left on its own, will create his own physical dimension. (RP) Yeah, thank you

very much ... For me it was very understandable everything. Thank you. (MK) Thank you very much. Are there are any more questions, or shall we call it a day? It's nearly three hours. (AB) Mr Keshe, can I ask you one more question, please? (MK) Yeah. (AB) ... What happens to the time? (MK) Time does not exist, is a illusion of Man. (AB) So time goes away. (MK) Time does not exist. We all Live within the same time. (AB) Okay and then why... (MK) Physicality creates time for Man. (AB) And why you saying that a lot of us don't want to do this? I mean what's... I mean why is that? (MK) ... Not maturity, fear of loss of Physicality. Knowing, that the balance to create the condition of the transmutation of the strength of the Fields, will mean a lot of corrections. We are the judge of our own Souls, we know what we done wrong, and we know what we have done right, and we know what we have created. And we understand fully, what this means. So, we fully know, those of us will embrace it, because we are aware of what we have achieved, what we have done. Those of us will fear it, because we'll know it will not be, or let's say, the size and the shape you like it to be, when it becomes part of your Soul. there has to be balances. And then you'll find out, there is a limitation. You have created that limitation, in the manifestation of the Physicality. And then your Soul will balance things out There should be no fear, as the Soul of the Man is so strong, that it can correct anything. It's just the Man who has to have Trust in his own strength of his own Soul. (AB) Thank you Mr. Keshe. I think this is amazing. That's fantastic. Thank you, thank you so much. (MK) Thank you very much. (RC) ... Mr Keshe, maybe you can answer, one quick question from Marin, whose been patient in the Livestream, ... "For Space travel through the Soul, do you talk about the same thing, that the ancient text call this, Merkabah?" And the journey with the light bodies? (MK) I never read the ancient text. (RC) Okay. And then he mentions, "And then the re-materialization of the cellular structure." But, I think that's basically what you've been talking about, tonight anyway, or today anyway? In your... (MK) We, we take from the pot, according to our intelligence, and what we can interpret, and what it suits us. Shall we call it a day? Is nearly exactly three hours. (RC) Thank you Mr Keshe. (MK) Thank you very much. Thank you very much the whole Keshe Foundation Team, and as I've said, "We elevate, we give not to elevate, we give from our Souls to the

Souls of the world leaders." That, especially those who have started making the change, and making this Planet a peaceful Planet. I have always supported President Putin of Russia, and always stand firm in that point. And the same has been with the peaceful Man, the President of China, his Excellency, President Xi. And, those President or the world leaders, who are... incited war, and they see as a war and a army, as a way of showing the strength of a Nation, I give from my Soul to them that, they become wise, like the other leaders. Thank you very much. (RC) I am present. (DM) I am present. (MK) I am present. (GM) I am present. (AB) I am present. (UC) I am present. (FM) I am present. (MR) I am present. (LvD) I am present. (GT) I am present. (VV) I am present. (NM) I am present. (MK) I am present too. (JW) I am present. (RP) I am present. (FS) I am present. (RP) I am present too. (KS) I am present. (WN) I am present. (RC) Thank you all for your presence here today. This has been the 199th Knowledge Seekers Workshop for Thursday, November 23rd, 2017. And as always, thank you everybody for attending, and thank you Mr Keshe for your gifts to us today. Your gifts of presence we might say. ...

Reminder about the sending stuff, Rick. Vince is reminding me about something, and I'm not sure about it, what it is? Oh yes. For people to... if they have a presentation, or something they'd like to bring up with the workshop, that involves some sort of pdf or something, then, they can send it to the webmaster@keshefoundation.org and that can get through to me, and we can have a look at it before... ... before presenting and see if it's appropriate, and check it and so on. We don't usually accept ... presentation on the spot, here now. Okay. Thank you very much, and let's carry on with our music, to end the show today.
